Intoduction

We made this 'How to' for the international students to give a starting point about the life in Martos Hostel. It includes useful information about where you can find different rooms and things, what kind of customs are in the dormitory and what rules you must follow in your daily life.

The most important that you can always ask for help from the international mentors (dtothzsofi@gmail.com- Martos) and from the Students Representation. (Hallgatói Képvisélet-HK)

Guest reception

There is opportunity to have a guest in the dormitory. If you wanna invite them during the day (between 7 a.m-4 a.m.), then you only have to check in with her/him at the reception desk..

You can host them for the night, too, which fees are the following: the first 8 occasions in a month is 500 Ft, the 9th one is 2500 Ft, and the 10th. is 5000 Ft, then you can't request a guest card for that person in that month. You have to sign your demand for the night guest card before 4 a.m., otherwise 500 Ft in addition will be charged for missing the guest registration.

In this autumn the rules of hosting a guest have been changed because of the pandemic. You can only have ONE guest in the semester, who must be reported in advance!

There are numerous free nights during the semester. Generally when some kind of event is held. You can inform about the free nights on the website of VBK HK!

Waste management

The dumpsters are by the hinder stair, behind the kitchen in every second floor. There are selective waste bins, too, in the kitchen, where you can collect plastic, paper and metal separately with the help of the posters.

Kitchen

Every room has an own cooker and place for cooking. Use it and keep it clean! The common kitchen on the 6th is for the students who live there and not has an own in their rooms. Especially do not leave this kitchen smeared, and storing your kitchen ware there is also forbidden.

These kitchens are equipped with cameras on every floor.

Things at the reception desk

Many things can be found at the reception, like first aid box or mold spray. You can also go there if you need a Hoover in your room. It can be borrowed for 1 hour. If you don't take it back in time, you have to pay 500 Ft for every extra half hour.

Always empty the dustbag!

Smoking

Smoking is allowed only in the assigned areas: in the northern part of the dormitory yard and in the opposite of the building by the fence.

In the rooms it is strictly forbidden, there are fire alarms in every room.

Reprehension

If you experience any kind of disruption of order you can report it for a HK member or a Dormitory Mentor. There is always a Mentor on duty. The schedule can be found at the beginning of the floors, at the reception and on vegyeszhk.hu.

The Mentors and HK members can punish with points for the acts that defy the Dormitory rules. After 10 points there is disciplinary proceeding.

Forbidden acts for example:

- Defying the silence regulation (4 point)
- Storing your thing on the window sill (3 point)
- Smoking out in the allowed areas (5 point)
- Inappropriate use of dormitory cards (giving it to another person) (6-6 point)

Last thoughts

Hope we could give a little help about the dormitory life. It provides initial orientation, but there are many regulations for almost every debate, and good to know what kind of rules and rights are applied for you.

Don't forget to ask for help in a case of problem from Mentors or HK members.

International Mentor: D. Tóth Zsófia (dtothzsofi@gmail.com)
